

Dear ARS Customers,

After receiving some feedback, we have reviewed and made changes to some of our Essential Energy ARSsemblies as detailed below:

Fuse Arm Constructions

CEOM7104.20

There are 2 line clamp options for these kits; (1) Live line clamp (2) De-energised line clamp. In the past we have included the live line clamps – these have now been changed to the de-energised line clamps.

Removed from kits: 03481 CLAMP, LIVE LINE STIRRUP CU

Added to kits: 03753 CLAMP, BAIL AL 7/2.25-19/3.75 2 BOLT S/S

Pole Transformer Constructions

CEOM7104.01

CEOM7104.02

CEOM7104.03

CEOM7104.04

CEOM7104.05

CEOM7104.06

The 40mm² CCT cable and lugs to suit have been removed from these kits as they are supplied with the pole transformer tank so are not required in the kits.

Removed from kits: 02381C CONDUCTOR, 7/2.75 (40) AAAC 11KV CCT G

Removed from kits: 03190 LUG, COMP 40 BI-METAL 1 M12 HOLE
